SMASH **Spotted Lanternflies!**

Spotted lanternflies are bad for U.S. farms and forests.

Learn how to spot and report them. If you see this invasive pest, take a picture, note the location, and **smash it**.

Report sightings to your State department of agriculture.

Actual Size 1"

SMASH and SCRAPE **Egg Masses**

Just one spotted lanternfly egg mass can have 30–50 eggs. Use this scraper card to **smash** the eggs and then **scrape** them off the surface.
