2023-APHIS-01260-F	Dickson, McConnell	-	I am seeking spreadsheet-like data on the 76 million dogs that are in the United States. Ideally, I would be able to see where the dogs live, their breed, size, health, how many dogs live in a household, general household information (how many children they might live with), etc. If there is anonymized/aggregated (ie, FOIA compliant) data on their owners that would be especially helpful.
