2023-APHIS-05396-F	(b) (6)	-	I would like all email, Teams messages and Voice messages within the following range and from the following individuals. 2024-APHIS-01009-F	(b) (6)	-	I am trying to determine if the following person/farm has a Class C Exhibitors License. Mary Droessler of WINTERPAST FARM, 12936 Ghoston Road, Wake Forest NC 27587, This is in Wake County NC. There is a large amount of local concern around the welfare of the animals in her care. In order to make decisions about whether we want to go to the media with our concerns, it seems important to determine first if she has a license. Local law in NC is not very great when it comes to this topic and she seems to be operating just under local requirements. Not having this Class C license would be significantly useful. There are at least 2 Facebook groups with nearly 1000 people each expressing concern about her practices. Concerns include: breeding popular companion dogs far too often for safety, keeping too many animals to care for in inadequate enclosures and providing inadequate food sources, renting out prey animals such as rabbits and rodents to families for a fee, allowing young children to handle newborn animals, pens filled with feces, and animals with untreated infections or injuries. We already know that there is not a nonprofit or corporation under the farm name or owners in NC. (Date Range for Record Search: From 06/01/2002 To 11/19/2023)	11/20/2023
