2020-APHIS-00269-F	Thompson, Jo	-	10/15/2019	11/13/2019	<p>Please accept this FOIA request for details on the Ohio Wildlife Services work involving coyotes (<i>Canis latrans</i>). I am requesting data in electronic format/ As an independent scientist who is trying to get a general overview of the status of coyotes in the state of Ohio through time, the information I am requesting will be used for my own personal understanding. However, I would like to reserve the right to present it to the Ohio Division of Wildlife, if appropriate. Last year I attended targeted coyote tournaments hosted by local hunt clubs and was impressed by the data collected by the organizing individuals. Observing the growth of community outreach efforts across Ohio and social media attention, I started looking for facts about the status of Ohio's coyote population. The Ohio Division of Wildlife does not collect any data on coyotes. Therefore, I am contacting any potential sources that have information specific to coyotes in Ohio. Please accept this request for very basic information specific to Ohio coyote numbers killed or dispersed by Wildlife Services during the period 1996-2018: These are the data I request for each incident with coyotes: 1.) Date - month/year 2.) Location - county only 3.) Number killed 4.) Sex - male or female 5.) Age class - > or < 1 year (if documented)</p>
