2022-APHIS-00531-F	Ward, Rebekah	TIMES UNION	11/1/2021	12/2/2021	I am drafting a FOIA request related to some reporting I've been doing for the Albany Times Union on cross-border issues, and am currently looking at horse trade/transport trends, operators, etc. I was hoping to request all the VS10-13 forms for horses brought into Canada since January 2020. I'm currently working on my request and wanted to reach out beforehand, because from what I've found online it seems many people FOIA your department for VS10-13 forms for individual transporters/operators instead. I would want to access a more generalized set so that I can look at the trade overall, rather than at one particular operator; but I was hoping you might have a moment to touch base so I can figure out how to make my request as feasible as possible, and any other limitations to the request that you think would make the FOIA office's job over-complicated.

2022-APHIS-00345-F	Rogers, Bridget	PETA	10/20/2021	11/18/2021	I am requesting the USDA generate data for the total number of Leptospira-containing vaccine and bacteriological products made and destroyed by all companies (not just for products where 3 or more companies produced a specific product code) for the following years: 2020, 2019, 2018, 2017, 2016, 2015, and 2014. This data would be one total number for products made and one total number for products destroyed in each calendar year (so 14 total numbers), including the total of all vaccines and bacteriological products produced or destroyed in that year that contained any of the Leptospira serovars. I would also like to request all documents used to generate the data. I request that Courtney Jackson be assigned to this case. (Date Range for Record Search: From 01/01/2014 To 12/31/2020)

2022-APHIS-00323-F	Moraz, Gina	ASPCA	10/19/2021	11/17/2021	On behalf of the ASPCA, I request the following: All documents from Animal Welfare Act enforcement actions (7060s, Complaints, decisions and orders, pre-settlement agreements, stipulations, etc.) for September 2021. The ASPCA requests that APHIS waive any fee, including search and duplication costs. A fee waiver is appropriate where "[d]isclosure of the requested information is in the public interest ... because it is likely to contribute significantly to public understanding of the operations or activities of the government [and] is not primarily in the commercial interest of the requester....." 7 C.F.R. § 1.12(p). Here, a fee waiver should be granted as disclosure is in the public interest, as furnishing the information is likely to contribute significantly to public understanding of the operations or activities of APHIS and disclosure is not in the ASPCA's commercial interest. We would be happy to receive these records in electronic format if it would be convenient for you. All documents can be sent to gina.moraz@aspc.org. If you must send the records via regular mail, please make it to the attention of Jennie Lintz, ASPCA, 520 8th Avenue, 7th Floor, New York, New York 10018. Please confirm receipt of this request. If further information is necessary, please contact me at this email address. You should institute a preservation hold on information responsive to this request. The American Society for the Prevention of Cruelty to Animals (ASPCA) intends to pursue all legal avenues to enforce its right of access under FOIA, including litigation if necessary. Accordingly, you are on notice that litigation is reasonably foreseeable. (Date Range for Record Search: From 09/01/2021 To 09/30/2021)
